November 11, 2013, 3:30 p.m.
at the Fields Institute

How I Learned to do Mathematics

I was exceedingly fortunate to have Vašek Chvátal as a professor when I was an undergraduate at McGill and as my supervisor as a graduate student. His instruction as to how to carry out mathematical research has stood me in good stead, ever since.

I will discuss what I learnt from him and how I applied it throughout my career.
